Choose An Option Please indicate which arch implants will be placed in

- Maxilla Only
- Mandible Only
- Maxilla and Mandible

Then click the green "Next" button.

4. Fill out the tooth chart on *the left (Current Dentate State)* to reflect the patient's dentition at the time of the scan. Click on a tooth once to designate it as "missing". Click on the tooth a second time to show a dotted line around the tooth, meaning it will be extracted at the time of surgery. Clicking the tooth a third time places the tooth back on the chart.

Step 1: Provide Current Dentate State

For the tooth chart on the *right side (Ideal Restorative Plan)*, this is where the Doctor would ideally like to have the implants placed. Click on the tooth once, to have a virtual implant placed there.

Step 2: Select Ideal Restorative Plan

5. Diagnostic Casts/Digital Impressions and Wax ups

This is an optional service. If you are working on a complex case (3 or more teeth consecutively missing) or ordering a provisional, we will need restorative information. You can either choose to send us casts with and without the partial, provide your own wax-up, or choose to have Implant Concierge create a virtual wax-up for you. If you would like Implant Concierge to create a virtual wax-up, we need a cast of the arch of interest, a cast of the opposing arch, and a bite registration. Virtual wax-up pricing will vary depending on the number of teeth requested.

Diagnostic Model or Digital Impression

Maxilla: A diagnostic wax-up is **OPTIONAL** for this arch.

- I elect not to use a wax-up for this case - \$0
- I will provide a diagnostic wax-up or pickup impression - \$0
- Implant Concierge will create a virtual wax-up - \$40

6. Provisional Restorations

This is an optional service. If you would like to order a provisional, please select “Yes”.
Select the Vita tooth shade and occlusion from the drop down box.

Provisional Restorations

- Yes, I will order Provisionals for this Patient**
You will customize your provisionals on the next page.

Select Shade of Provisionals:

Occlusion:
